Provide a sketch of your house and the location of each shutter proposed by this application.

Please be aware that approval to install storm shutters does not grant approval to leave them closed on your house when no storm is pending. Specific approval is required to leave storm shutters closed when no storm is pending. To see the criteria which will be applied to applications for leaving shutters closed, go to: [Criteria for Storm Shutters](#)

Do you wish to apply to have some or all of your shutters left in the closed position for periods when no storm is pending? \_\_\_\_\_

If yes, list the shutters, their location, and approximate dates they will be closed.
